GEORGE J. MEYERS, TOWN SUPERVISOR

April 6, 2023

Town of New Windsor Employees:

One of New Windsor's top commitments is to be a safe, welcoming, and equitable community for all people, as outlined in the Town Board of the Town of New Windsor's April 5, 2023 Motion adopting the Americans with Disabilities Act Self Evaluation and Transition Plan document. A major component of this commitment is to ensure that New Windsor's facilities, programs, services, and public spaces are accessible to all.

The Americans with Disabilities Act Self-Evaluation and Transition Plan (SETP) will guide the Town in evaluating the accessibility of facilities, programs and services and help guide the prioritization to update facilities, programs and services to be accessible and compliant to all applicable laws. This Plan is intended to be a living document that is regularly updated as programs and services change, as barriers are removed, and new facilities come under ownership or control of the Town. Again, making certain that all buildings, facilities, programs and services are fully accessible to all, including older adults and people with disabilities continues to be a high priority.

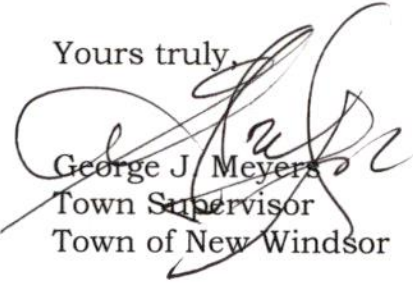

The SETP demonstrates the Town of New Windsor's commitment to providing equal access to our community, including public programs, services, facilities, and activities for community members with disabilities.

Thank you to all of the Town employees and community members who provided input and shared their lived experiences as part of our Stakeholder Group during this project. Their input was critical in shaping the SETP Plan, prioritizing barrier removal, and making recommendations for continuing progress. I strongly encourage your ongoing feedback regarding the accessibility of our town facilities and services.

George Meyers, Supervisor and ADA coordinator has been responsible for organizing and communicating the Town's efforts to comply with and fulfill its responsibilities under title II of the ADA and applicable state and federal laws. In this context, I can be reached at gjmeyers@newwindsor-ny.gov or 845-563-4610.

We are committed to continually looking for ways to improve our Town facilities, programs, and services to ensure that we are providing safe and accessible services to all members of our community.

Yours truly,

George J. Meyers
Town Supervisor
Town of New Windsor
